

Gitavillage

The best vacation
for your children

As you walk through the
entrance of the temple of
dreams, there, right there, is
the sea...

(Luis Sepulveda)

In the Gitavillages, even
nature is perfectly
child-friendly

The shallow and calm water
makes it easy and safe for
children to play and bath. The soft
and sandy beach is the best spot
to build majestic sand castles, or
to take a nap under the
sunshades.

Children's pool
with slides

Water games for
children

Our mission is to entertain
children with authenticity
and creativity

Our mini and junior club
organize games and fun
tournaments both during
the day and the evening,
in the many sport fields
and playgrounds available
in the resort

For the curious
young explorers

We offer a fine selection of
child-friendly hikes, to best
discover and enjoy the
surrounding nature
